Index to Volume 48, 2009

AACAP. *see* American Academy of Child and Adolescent Psychiatry (AACAP)
Acute antidepressant treatment response and remission in pediatric major depressive disorder, early prediction of, 71
Adolescence
  ADHD and MDD in, common etiological factors between the symptoms of, 1094
  early, life stressors as mediators of relation between socioeconomic position and mental health problems in, 1031
    (editorial), 982
  late, psychosis risk in, and cortisol levels in childhood, Letter to the Editor, 765
  lifetime social anxiety disorder in, stable early maternal report of behavioral inhibition in prediction of, 928
Adolescent psychiatry
  epidemiology, milestones in (editorial), 353
  psychophysiology in, 584
Adolescent psychopharmacology, and motivational interviewing, 108
Adolescent(s)
  with ADHD
    atomoxetine for treatment of, 939
    guanfacine extended release in, 155
    safety and tolerability of atomoxetine in, 176
  African American and Caribbean black in U.S., prevalence and psychiatric correlates of suicidal ideation and attempts among, 271
  American, prescription analgesic opioid use disorders among, construct and differential item functioning in assessment of, 563
  antisocial behavior within and across sex, range of severity of, 42
  with anxiety disorders, CBT vs. active control for, 533
  with autistic disorder, efficacy and safety of aripiprazole in treatment of irritability in, 1110
  behaviorally inhibited, with lifetime occurrence of anxiety disorders, startle response in, 610
  with bipolar disorder
    efficacy and safety of divalproex extended-release in treament of, 519
    family-focused treatment for, moderation by parental expressed emotion, 643
    I, lower orbital frontal white matter integrity in, 79
    relationship between amygdala structure and function in, 636
  brain, 678
  callous-unemotional (CU) traits in, predicitve value in large community sample, 1079
  depression in
    use and efficacy of antidepressants in, 711, 721
    escitalopram for, 721
    large scale screening efforts for, challenges of, 683, 1125, 1126, (editorial) 681, Letter to the Editor, reply
    relative cost-effectiveness of treatments for, 711
    screening for: medicalization/demedicalization of, 681, 683, 1125, 1126, (editorial), Letter to the Editor, reply
  developing, MRI for anatomical study of brain in, 465
  DSM-IV mental disorders among US adolescents, NCS-A on prevalence and correlates of, 367, 380, 386
  eating disorders in, predictors of, 800
  with fragile X syndrome, physiological correlates of social avoidance behavior in, 320
  heavy episodic drinking and suicide attempts in, age-specific associations between, 262
  hyperactivity/inattention and mood in, genetic overlap between measures of, 1094
  in juvenile detention and correctional facilities, mental disorders among, Letter to the Editor and reply, 340
  with MDD, treatment-resistant, substance use among, association between, 942
  physically ill, practice parameter for psychiatric assessment and management of, 213
  prescriptions for misuse by, sources of, 828
  psychotropic medication in, practice parameter on use of, 961
  with schizophrenia, olanzapine's efficacy and tolerability in, 60
  self-harming behavior in, group therapy for prevention of recurrence of, 662
  subthreshold depressive disorder in: predictors of escalation to full-syndrome depressive disorders, 703
  suicidal behavior among, (editorial), 237
    Letter to the Editor, 1039, 1040, replies
  TADS, remission and recovery in, 186
  with Tourette's syndrome and disruptive behavior, anger control training for, 413
  treatment of adolescent suicide attempters (TASA)
    depressive symptoms and clinical status during study, 997
    (editorial), 977
    predictors of suicidal events in open treatment trial, 987
  treatment of SSRI-resistant depression in adolescents (TORDIA), 330
    and subthreshold substance use, 942
  young American Indian, conduct disorder and substance abuse among, Letter to the Editor, 87, 87; reply
  young, reduction of shape and weight concern in, 652
Adoption design, to study associations between structured parenting and toddler behavior problems, 1102
A2 Adrenergic agonists, efficacy in improving ADHD symptoms in children with comorbid tics, 884
Adult functioning, long-term impact of family arguments and physical violence on, 290
Affluenza (editorial), 1053
Afraid emotional expressions, problem of recognizing in children with callous-unemotional traits, 554
Age(ing)
  age variability in association between heavy episodic drinking and adolescent suicide attempts, 262
  impact of family arguments and physical violence on adult functioning at 30 years, 290

Aggression. *see also* Behavior
in adolescents with Tourette's syndrome and disruptive behavior, anger control training for, 413
childhood problem behaviors and death by midlife, relations between, 19
symptoms in ADHD, genetic risk for, 757
AIDS, and mental health (editorial), 780
Alcohol
association between heavy episodic drinking and adolescent suicide attempts, age variability in, 262
binge drinking, among youths and young adults in United States, 692
editorial, 679
drinking behaviors and chronic antisocial behaviors, links between: evidence for common delinquency-related diathesis model, 820
American Academy of Child and Adolescent Psychiatry (AACAP) awards 2009
Elaine Schlosser Lewis Award for research on attention-deficit disorder, 945
Klingenstein Third Generation Foundation Award 2009 for research in depression or suicide, 945
Norbert and Charlotte Rieger Award 2009 for scientific achievement, 945
American Indian communities, knowledge and hope from participatory research (editorial), 585
American Indian mothers, young reservation-based, paraprofessional-delivered in-home intervention for, 591
Amphetamine, dosing for children with ADHD, 51
Amygdala in adolescents with bipolar disorder, relationship between structure and function, 636
Anger control training (ACT), for adolescents with Tourette's syndrome and disruptive behavior, 413
Anorexia, cognitive function abnormalities in, 2
Anorexia nervosa (AN), lifetime, self-reported at 30 years, and childhood risk factors, association between, 791
Antidepressant
fluoxetine, cost-effectiveness over CBT in treatments for adolescent depression, 711
treatment, response and remission in pediatric MDD, early prediction of, 71
Antisocial behaviors, chronic, and drinking behaviors, links between: evidence for common delinquency-related diathesis model, 820
Anxiety
and maternal depression, across postpartum year and infant social engagement, fear regulation, and stress reactivity, 919
related to magnetic resonance scanning in children, magnetic resonance simulation for reduction of, Letter to the Editor, 206
Anxiety disorder(s)
of childhood, predictability of treatment success by threat-related selective attention in, 196
children and adolescents with, CBT vs. active control for, 533
lifetime occurrence in behaviorally inhibited adolescents, startle response in, 610
parents with, selective intervention program for inhibited preschool-aged children of, 602
Aripiprazole, short-term efficacy and safety in treatment of irritability in children and adolescents with autistic disorder, 1110
Asthma, children with, and their parents, ethnic differences in somatic symptom reporting in, 855
Atomoxetine
use for ADHD in youths, monitoring of, 740
for children and adolescents wih ADHD, safety and tolerability of, 176
clinical responses in ADHD, IDEA study on, 511
efficacy in improving ADHD symptoms in children with comorbid tics, 884
in the treatment of children and adolescents with ADHD, 939
Attention-deficit/hyperactivity disorder (ADHD)
AACAP Elaine Schlosser Lewis Award 2009 for research on attention-deficit disorder, 945
assessment and management of: questions unanswered (editorial), 1051
attention problems in, maternal ratings of, 1085
children and adolescents with
guanfacine extended release in, 155
safety and tolerability of atomoxetine in, 176
children with
cognitive control using oculomotor tests, 431
and comorbid tic disorders, 884
effect of stimulant medication on growth in, 574, 576, Letter to the Editor, reply
effects of MPH-OROS on organizational, time management, and planning behaviors of, 166
sleep in, 894
stimulant dosing for, 51
cognitive deficits in, identification with oculomotor performance, 431
cognitive function abnormalities in, 2
complex subtypes, simple identification using current symptom counts, 441
continuous symptom treatment, evaluation of, 939
cortical thinning as anatomical marker for, 1014 (editorial), 979
diagnosis and symptom domains with parenting practices, relations of, 146
enuresis prevalence among US children, and its association with, 35
genetic risk for conduct disorder symptom subtypes in, 757
IDEA study on clinical responses to atomoxetine in, 511
and MDD in childhood and adolescence, common etiological factors between the symptoms of, 1094
methylphenidate for, role of candidate genes in moderating treatment effects of, 937
(editorial), 946
MTA at 8 years: follow-up of children treated for combined- type ADHD in multisite study, 484
Letters to the Editor, 1120, 1122, (reply) 1123
neuroimaging, advancement in (editorial), 979
oculomotor anomalies in, 749
overactivity forming *DSM-IV* criteria for combined or hyperactive-impulsive subtypes of, 1023
pediatric clinical trials of, characteristics of placebo responders in, 939
pharmacotherapies, review of, 240
and poor motor performance: family genetic perspective, 25
sleep and tic disorders, problems associated (editorial), 877
symptoms: association with delay aversion and choice impulsivity, 837
youths with, monitoring the use of stimulants and atomoxetine for, 740
in youths with oppositional behavior, 404

Attention problems (APs) in ADHD, maternal ratings of, 1085
Australian New Zealand Clinical Trials Registry (ANZCTR), in analysis of efficacy of specific CBT package for childhood anxiety disorders, 533
Autism
conceptualization of: role for emergence in, 688
developmental delay, and typical development, persistence of sleep problems in preschool children with, 847
developmental delay, and typical development, preschool children with, persistence of sleep problems in, 847
developmental disorders and schizophrenia, clinical and biological links between, 10
from early signs to diagnosis of, 474
editorial, 463
Autism spectrum disorder (ASD)
children with, timing of identification among, 474
editorial, 463
and schizophrenia, clinical and biological links between, 10
Autism spectrum, heterogeneity and homogeneity across, 471
Autistic-like and internalizing traits, within general population, phenotypic and etiologic relation between, 618
Autistic syndromes, cognition, social competence, and child development (editorial), 97

Behavioral inhibition (BI)
adolescents with, and lifetime occurrence of anxiety disorders, startle response in, 610
stable early maternal report in prediction of lifetime social anxiety disorder in adolescence, 928
Behavioral problems in children with PDDs, combined treatment with risperidone and parent training for management of, 950
Behavioral treatment of childhood social phobia, mediators and moderators of outcome in, 945
Behavior(s)
bullying
childhood, as risk for suicide attempts and completed suicides, 254
children's involvement in, association of school, neighborhood, and family factors with, 545
focus on stopping, 976
disruptive, and Tourette's syndrome, adolescents with, anger control training for, 413
drinking and chronic antisocial behaviors, links between: evidence for common delinquency-related diathesis model, 820
externalizing/internalizing, in childhood, and death by midlife, relations between, 19
externalizing, in young children, and maternal smoking in pregnancy, association between, 283
internalizing and autistic-like traits within general population, phenotypic and etiologic relation between, 618
irritable, headstrong, and hurtful, distinctive predictions of, 404
and neurophysiology, effects of early social stress on, 114
oppositionality in youth, longitudinal outcome of, 404
problems in children
intergenerational transmission of, 138
with PDDs, combined treatment with risperidone and parent training for management of, 950
self-harming behavior in adolescents, group therapy for prevention of recurrence of, 662
sexual and drug use behavior in PHIV+ youths, influence of mental health and family on, 780, 810, (editorial)
social avoidance, in children and adolescents with FXS, physiological correlates of, 320
and social-emotional problems, early emergence in very preterm infants, 909
social phobia, in childhood, mediators and moderators of outcome in behavioral treatment of, 945
suicidal
among adolescents, (editorial), 237, 1039, 1040, Letter to the Editor, replies
emotional intelligence as protective factor for, 422
youths at risk for, service use by, 941
toddler behavior problems and structured parenting, adoption design to study associations between, 1102
Binge drinking, among youths and young adults in United States, 679, 692, (editorial)
Bipolar disorder (BD)
in adolescents, family-focused treatment for, moderation by parental expressed emotion, 643
adolescents with, amygdala structure and function in, relationship between, 636
in children and adolescents, efficacy and safety of divalproex extended-release in treament of, 519
I, adolescents with, lower orbital frontal white matter integrity in, 79
pediatric (PBD)
manifestation of irritability without elation in, 730
neural correlates of incidental vs. directed emotion processing in, fMRI study of, 308
neurocognitive function in, 299
youths with, and at-risk family members, increased ISV-RT as risk marker for, 628
Book reviews
Adolescent Psychopathology and the Developing Brain: Integrating Brain and Prevention Science (eds. Daniel Romer and Elaine F. Walker, 2007) Oxford University Press, 940
Adolescents, Media, and the Law: What Developmental Science Reveals and Free Speech Requires (Roger J. R. Levesque, 2007) Oxford University Press, New York, 208
American Society of Clinical Psychopharmacology Model Psychopharmacology Curriculum for Psychiatric Residency Programs, Training Directors, and Teachers of Psychopharmacology, 4th Edition (I. Glick, R. Balon, S. Zisook, et al., 2006) American Society of Clinical Psychopharmacology, Inc., Glen Oaks, NY, 90
Autism in Your Classroom. A General Educator's Guide to Students With Autism Spectrum Disorders (Deborah Fein & Michelle A. Dunn, 2007) Woodbine House, Bethesda, 579

Society and Psychosis (eds. Craig Morgan, Kwame McKenzie & Paul Fearon, 2008) Cambridge University Press, Cambridge, UK, 959
The Troubled Dream of Genetic Medicine: Ethnicity and Innovation in Tay-Sachs, Cystic Fibrosis, and Sickle Cell Disease (Keith Wailoo & Stephen Pemberton, 2006), Johns Hopkins University Press, Baltimore, MD, 452
Twilight (Stephenie Meyer, 2005) Brown Young Readers, Little, 771
Unstrange Minds: Remapping the World of Autism (Roy Richard Grinker, 2006) Basic Books, New York, 579
Warrior Girls: Protecting Our Daughters Against the Injury Epidemic in Women's Sports (Michael Sokolove, 2008) Simon and Schuster, New York, 867
A World of Gangs: Armed Young Men and Gangsta Culture (John M. Hagedorn, 2008) The University of Minnesota Press, Minneapolis, 674
A World of Gangs: Armed Young Men and Gangsta Culture (John M. Hagedorn, 2008) University of Minnesota Press, Minneapolis, 672
Your Defiant Teen: 10 Steps to Resolve Conflict and Rebuild Your Relationship (Russell A. Barkley, Arthur L. Robin & Christine M. Benton, 2008) The Guilford Press, New York, 342

Brain
  in adolescents, 678
  development, in children and adolescents, MRI for anatomical study of, 465
  imaging, 356
British national child development study (BNCDS), on relations between childhood problem behaviors and death by midlife, 19
Bulgaria, child institutionalization during transition from communism to market-based economy in (editorial), 984
Bullying
  behaviors in childhood, as risk for suicide attempts and completed suicides, 254
  children's involvement in, association of school, neighborhood, and family factors with, 545
  focus on stopping, 976

Callous-unemotional (CU) traits
predicitve value in large community sample, 1079
in youths, experience of emotional processing deficits similar to amygdala damage in, 554
Candidate genes, and MPH response in ADHD, (editorial), 937, 946
Cannabis, intrauterine exposure of, and risks for developing fetus, 944
Child
development
and cognition, social competence, and autistic syndromes (editorial), 97
preschoolers' antisocial behavior, problem drinking risk from, 820
institutionalization, Bulgarian model in transition from communism to market-based economy (editorial), 984
mental health, strengths and difficulties questionnaire, as dimensional measure of, 400
problem behaviors, intergenerational transmission of, 138
psychiatric epidemiology, milestones in (editorial), 353
psychiatric practice, cultural competence in, 362
psychiatry
clinical challenges for, 787
personalized medicine and pharmacogenomics in, 943
psychophysiology in, 584
soldiers, former, mental health and psychosocial well-being of, 587
Child and adolescent psychiatry (CAP)
and epigenetics, 1048
telepsychiatry, public mental health, and workforce shortage in, Letter to the Editor, 1127
Child Behavior Check List (CBCL), to study maternal ratings of attention problems in ADHD, 1085
Childhood
ADHD and MDD in, common etiological factors between the symptoms of, 1094
anxiety disorders
prediction of treatment success by threat-related selective attention in, 196
specific CBT package for, 533
bullying, as risk for suicide attempts and completed suicides, 254
cortisol levels in, and psychosis risk in late adolescence, Letter to the Editor, 765
and curiosity (editorial), 777
obesity, and eating disorders (editorial), 784
problem behaviors
and death by midlife, relations between, 19
intergenerational transmission of, 138
psychiatric disorders, glial contributions to, 872
psychopathology (editorial), 3
risk factors for lifetime anorexia nervosa, 791
social phobia, mediators and moderators of outcome in behavioral treatment of, 945
Childhood-onset schizophrenia (COS), and autism spectrum disorders, clinical and biological links between, 10
Children
with ADHD
atomoxetine for treatment of, 939
cognitive control using oculomotor tests, 431
and comorbid tic disorders, 884
effects of MPH-OROS on organizational, time management, and planning behaviors of, 166
growth in, effect of stimulant medication on, 574, 576, Letter to the Editor, reply
guanfacine extended release in, 155
prevalence of enuresis and its association in US, 35
safety and tolerability of atomoxetine in, 176
sleep in, 894
stimulant dosing for, 51
suggestions for process and quality improvements in prescribing to, 740
of affluenza (editorial), 1053
with anxiety disorders, CBT vs. active control for, 533
anxiety related to magnetic resonance scanning in, magnetic resonance simulation for reduction of, Letter to the Editor, 206
with asthma, and their parents, ethnic differences in somatic symptom reporting in, 855
with autism spectrum disorder, timing of identification among, 463, 474, (editorial)
with autistic disorder, efficacy and safety of aripiprazole in treatment of irritability in, 1110
with bipolar disorder
efficacy and safety of divalproex extended-release in treament of, 519
manifestation of irritability without elation in, 730
Bulgarian model of child institutionalization during transition from communism to a market-based economy (editorial), 984
bullying involvement in, association of school, neighborhood, and family factors with, 545
with callous-unemotional (CU) traits
predicitve value in large community sample, 1079
problem of recognizing afraid emotional expressions in, 554
cultural adaptation of psychological trauma treatment for, Letter to the Editor, 954
reply, 955
depression among, screening for: medicalization/demedicalization of, 681, 683, (editorial)
Letter to the Editor, 1125, 1126, reply
developing, MRI for anatomical study of brain in, 465
with fragile X syndrome, physiological correlates of social avoidance behavior in, 320
hyperactivity/inattention and mood in, genetic overlap between measures of, 1094
Latino and non-Latino white, child and parent somatic symptom reporting and pediatric asthma morbidity in, association between, 855
with PDDs and behavioral problems, combined treatment with risperidone and parent training for management of, 950
physically ill, practice parameter for psychiatric assessment and management of, 213
preschool-aged
antisocial behavior, problem drinking risk from, 820
with autism, developmental delay, and typical development, persistence of sleep problems in, 847
and full-term and preterm infants, social-emotional difficulties and competencies of, comparison of, 909
at risk of anxiety disorders, efficacy of early intervention for, 602
psychotropic medication in, practice parameter on use of, 961
social communication competence and functional adaptation in general population of, 128

treated for combined- type ADHD in multisite study, follow-up of MTA at 8 years, 484
Letters to the Editor, 1120, 1122, (reply) 1123
young, externalizing behavior in, and maternal smoking in pregnancy, association between, 283
China's single-child policy: historical, social, and cultural context and its present-day outcomes (editorial), 938
Choice impulsivity, association with ADHD symptoms, 837
Chronic antisocial behaviors and drinking behaviors, links between: evidence for common delinquency-related diathesis model, 820
Cognition, social competence, autistic syndromes, and child development (editorial), 97
Cognitive ability, in middle childhood, and functional adaptation, association with social communication competence in general population of children, 128
Cognitive behavioral intervention for trauma in schools (CBITS), Letter to the Editor, 954
reply, 955
Cognitive behavioral therapy (CBT)
for anger control in adolescents with Tourette's syndrome (TS) and disruptive behavior, 413
for children and adolescents with anxiety disorders, 196
gains for pediatric OCD, long-term durability of, Letter to the Editor, 766
for suicide prevention (CBT-SP): treatment model, feasibility, and acceptability, 1005
for treatment of SSRI-resistant depression in adolescents, 330
vs. active control for children and adolescents with anxiety disorders, 533
Cognitive deficits in children with ADHD, identification with oculomotor performance, 431
Cognitive disabilities, in pediatric bipolar disorder, 299
Cognitive function abnormalities, in ADHD and anorexia, 2
Community-based participatory research, advantages of (editorial), 585
Comorbidity
ADHD
and depression, prevention/reduction of (editorial), 1051
and MDD in childhood and adolescence, 1094
enuresis, prevalence and association with ADHD among US children, 35
National Comorbidity Survey Replication Adolescent Supplement (NCS-A)
background and measures used in, 367
design and field procedures, overview of, 380
DSM-IV/CIDI diagnoses with clinical reassessments, concordance of, 386
in youths with oppositional behavior, 404
Comorbid tic disorders, and ADHD children with, treatment of, 884
Conduct disorder (CD)
DSM-IV, item response theory analysis of, 42
and substance abuse, among young American Indian adolescents, Letter to the Editor, 87, 87; reply
symptom subtypes in ADHD, genetic risk for, 757
Cortical thinning, as anatomical marker for ADHD, 1014 (editorial), 979
Cortisol levels, in childhood and psychosis risk in late adolescence, Letter to the Editor, 765
Cross-cultural psychiatry in the field: collaborating with anthropology (editorial), 873
Cultural adaptation, of psychological trauma treatment for children, Letter to the Editor, 954
reply, 955
Curiosity, in children (editorial), 777

Delay aversion, association with ADHD symptoms, 837
Delinquent behavior, individuals with high levels, disproportional EFD among, 820
Depression
AACAP Klingenstein Third Generation Foundation Award 2009 for research in depression or suicide, 945
acute antidepressant treatment response and remission in pediatric major depressive disorder, early prediction of, 71
and ADHD, overlapping of (editorial), 1051
in adolescents
use and efficacy of antidepressants in, 711, 721
escitalopram for, 721
large scale screening efforts for, challenges of, 683, 1125, 1126, (editorial) 681, Letter to the Editor, reply
relative cost-effectiveness of treatments for, 711
adolescent suicide attempters with, predictors of suicidal events and attempts in, 987
among children and adolescents, screening for: medicalization/demedicalization of, 683
(editorial), 681
Letter to the Editor, 1125, 1126, reply
CBT-SP treatment model, feasibility and acceptability of, 1005
emotions in, 352
maternal, and anxiety across postpartum year and infant social engagement, fear regulation, and stress reactivity, 919
mood disorders, cognitive deficits and high rates of, association with VCFS, 1060
neurobiology of, editorial, 681
symptoms and clinical status during TASA study, 997
TADS, remission and recovery in, 186
treatment of SSRI-resistant depression in adolescents (TORDIA), 330
and subthreshold substance use, 942
in youths with oppositional behavior, 404
Depressive disorders, full-syndrome, predictors of, 703
Desipramine, efficacy in improving ADHD symptoms in children with comorbid tics, 884
Developmental delay, autism, and typical development, preschool children with, persistence of sleep problems in, 847
Diffusion tensor imaging (DTI), for assessing white matter integrity in adolescents with bipolar I disorder, 79
Disruptive behavior, and Tourette's syndrome, adolescents with, anger control training for, 413
Divalproex extended-release (ER), in treament of bipolar disorder in children and adolescents, efficacy and safety of, 519
Drinking behaviors and chronic antisocial behaviors, links between: evidence for common delinquency-related diathesis model, 820
Drug use behavior in PHIV+ youths, influence of mental health and family on, 810
editorial, 780
DSM-IV conduct/mental disorders
among US adolescents, NCS-A on prevalence and correlates of, 367, 380, 386
criteria
A, for mania in youths, 730

for OUDs among adolescents with nonmedical prescription opioid use, 563
overactivity, as criteria for combined or hyperactive-impulsive subtypes of ADHD, 1023
item response theory analysis of, 42

Early first drinking (EFD), disproportionate among individuals with high levels of delinquent behavior, 820
Eating disorders (ED)
in adolescents
predictors of, 800
young, media literacy program on prevention of, outcome of, 652
caused by obesity prevention (editorial), 784
risks of (editorial), 782
Emotion(s)
afraid emotional expressions, problem of recognizing in children with callous-unemotional traits, 554
in depression, 352
emotional disorders, in youths with oppositional behavior, 404
emotional intelligence, protective factor for suicidal behavior, 422
expressed emotion (EE), parental, in moderation of family-focused treatment for bipolar disorder in adolescents, 643
processing in PBD, incidental vs. directed, fMRI study of neural correlates of, 308
recognition, problem of recognizing afraid emotional expressions in children with callous-unemotional traits, 554
Enuresis, prevalence and association with ADHD among US children, 35
Epigenetics, and child and adolescent psychiatry, 1048
Escitalopram, in treatment of adolescent depression, 721
Ethnicity
American Indian communities, knowledge and hope from participatory research (editorial), 585
American Indian mothers, young reservation-based, paraprofessional-delivered in-home intervention for, 591
ethnic differences in somatic symptom reporting in children with asthma and their parents, 855
Latino and non-Latino white children, child and parent somatic symptom reporting and pediatric asthma morbidity in, association between, 855
and sex difference, influence in prescription misuse among adolescents, 828
Expressed emotion (EE), parental, in moderation of family-focused treatment for bipolar disorder in adolescents, 643
Externalizing behavior
and internalizing, in childhood, and death by midlife, relations between, 19
in young children, and maternal smoking in pregnancy, association between, 283

Family
arguments, and physical violence on adult functioning, long-term impact of, 290
influence on sexual and drug use behavior in PHIV+ youths, 810
editorial, 780
socioeconomic position, association with mental health problems in early adolescence, life stressors as mediators of relation between, 1031
Family factors, neighborhood, and school, and children's bullying involvement, association between, 545
Family-focused therapy for adolescents (FFT-A), for adolescent BD patients, moderating effects of parental expressed emotion on the outcomes of, 643
Fluoxetine, cost-effectiveness over CBT in treatments for adolescent depression, 711
Fragile X syndrome (FXS), children and adolescents with, physiological correlates of social avoidance behavior in, 320
Full- and partial-syndrome early adolescent eating disorders, risk factors for, 800
Full-syndrome depressive disorders, predictors of, 703
Functional neuroimaging, to probe circuitry dysfunctions underlying disturbances in emotion processing and emotional reactivity in PBD, 308

Gender, and ethnicity, influence in prescription misuse among adolescents, 828
Genetics, imaging of, 356
Glial contributions to childhood psychiatric disorders, 872
Guanfacine extended release in, children and adolescents with ADHD, 155

Heavy episodic drinking (HED), and suicide attempts in adolescents, age-specific associations between, 262
Human immunodeficiency virus (HIV)
and mental health (editorial), 780
perinatally infected youths, sexual and drug use behavior in, influence of mental health and family on, 810
Hyperactivity/inattention and mood in children and adolescents, genetic overlap between measures of, 1094

Infant social engagement, fear regulation, and stress reactivity, maternal depression and anxiety across, 919
Insomnia, pediatric, pharmacotherapy of, 99
Integrated Data Exploratory Analysis (IDEA) study on clinical responses to atomoxetine in ADHD, 511
Internalizing behavior
and autistic-like traits within general population, phenotypic and etiologic relation between, 618
in childhood, and death by midlife, relations between, 19
Interviewing, motivational, and adolescent psychopharmacology, 108
Intrasubject variability in response time (ISV-RT), increased, in youths with bipolar disorder and at-risk family members, 628
Irritability
in children and adolescents with autistic disorder, efficacy and safety of aripiprazole in treatment of, 1110
without elation in children with bipolar disorder, manifestation of, 730
Item response theory (IRT)
analysis of *DSM-IV* conduct disorder, 42
for examination of *DSM-IV* criteria for OUDs among adolescents with nonmedical prescription opioid use, 563

Juvenile detention and correctional facilities, mental disorders among adolescents in, Letter to the Editor and reply, 340

Latino and non-Latino white children, child and parent somatic symptom reporting and pediatric asthma morbidity in, association between, 855
Learning and memory: molecular mechanisms of synaptic plasticity, 5
Life stressors, as mediators of relation between socioeconomic position and mental health problems in early adolescence, 1031
(editorial), 982

Magnetic resonance imaging (MRI)
for anatomical study of brain of developing children and adolescents, 465
functional (fMRI)
in studying neural correlates of incidental vs. directed emotion processing in PBD, 308
in studying neural correlates of symptom dimensions in pediatric OCD, 936
in studying brain development and neuropsychiatric disorders, Letter to the Editor, 206
in studying cortical thinning in ADHD, 1014 (editorial), 979
in studying early emergence of behavior and social-emotional problems in very preterm infants, 909
in studying relationship between amygdala structure and function in adolescents with bipolar disorder, 636
Magnetic resonance simulation, for reduction of anxiety related to magnetic resonance scanning in children, Letter to the Editor, 206
Major depressive disorder (MDD)
and ADHD in childhood and adolescence, common etiological factors between the symptoms of, 1094
pediatric patients with
acute antidepressant treatment response and remission in, early prediction of, 71
safety and efficacy of escitalopram in, 721
treatment-resistant, adolescents with, substance use among, association between, 942
Maternal anxiety disorders (MAD), effects of maternal depression on infant social engagement, fear regulation, and cortisol reactivity as compared with, 919
Maternal depression, and anxiety across postpartum year and infant social engagement, fear regulation, and stress reactivity, 919
Maternal smoking, in pregnancy and externalizing behavior in young children, 283
Media literacy program, on prevention of eating disorders in young adolescents, outcome of, 652
In Memoriam, Richard D. Todd Ph.D., M.D. (1951–2008), 451
Memory and learning: molecular mechanisms of synaptic plasticity, 5
Mental disorders
among adolescents in juvenile detention and correctional facilities, Letter to the Editor and reply, 340
DSM-IV, among US adolescents, NCS-A on prevalence and correlates of, 367, 380, 386
Mental health
in children and adolescents, assocation with hurricane-related stressors, 1069
child's, strengths and difficulties questionnaire, as dimensional measure of, 400
and family influence on sexual and drug use behavior in PHIV+ youths, 810
problems in early adolescence, association with socioeconomic position, life stressors as mediators of relation between, 1031 (editorial), 982
and psychosocial well-being of former child soldiers, 587
telepsychiatry and workforce shortage in CAP, Letter to the Editor, 1127
Methylphenidate (MPH)
for ADHD, role of candidate genes in moderating treatment effects of, 937 (editorial), 946
dosing for children with ADHD, 51
efficacy in improving ADHD symptoms in children with comorbid tics, 884
saliva levels vs. parent report and mediating effect of concomitant behavioral treatment in MTA, 501 Letter to the Editor, 1124, 1125, (reply)
Methylphenidate-osmotic-release oral system (MPH-OROS), on organizational, time management, and planning behaviors of children wih ADHD, 166
Mood
changes and actual depression in adolescents, distinction between (editorial), 681
disorders, cognitive deficits and high rates of, association with VCFS, 1060
and hyperactivity/inattention in children and adolescents, genetic overlap between measures of, 1094
Motivational interviewing, and adolescent psychopharmacology, 108
Motor problems (MPs), and ADHD: family genetic perspective, 25
MTA (multimodal treatment study of children with ADHD)
medication adherence in, 501 Letter to the Editor, 1124, 1125, (reply)
sample, 8-year follow-up of (editorial), 461
at 8 years: follow-up of children treated for combined- type ADHD in multisite study, 484 Letters to the Editor, 1120, 1122, (reply) 1123

National Comorbidity Survey Replication Adolescent Supplement (NCS-A)
background and measures used in, 367
design and field procedures, overview of, 380
DSM-IV/CIDI diagnoses with clinical reassessments, concordance of, 386
Neighborhood, school, and family factors, and children's bullying involvement, association between, 545
Nessun Dorma (editorial), 977
Neurocognitive function, in PBD, 299
Neuroimaging
functional, to probe circuitry dysfunctions underlying disturbances in emotion processing and emotional reactivity in PBD, 308
volumetric, in ADHD, advancement in (editorial), 979
Neurophysiology and behavior, effects of early social stress on, 114
New chemical entities (NCEs), challenges and opportunities in bringing to market (editorial), 1056

Obesity
prevention, causing eating disorders (editorial), 784
shape and weight concern in young adolescents, reduction of, 652
Obsessive-compulsive disorder (OCD), pediatric
CBT gains for, long-term durability of, Letter to the Editor, 766
neural correlates of symptom dimensions in, 936
treatment response in, predictors of, 573, Letter to the Editor, reply
Oculomotor anomalies, in ADHD, 749
Oculomotor performance, for identification of cognitive deficits in children with ADHD, 431
Olanzapine, efficacy and tolerability in adolescents with schizophrenia, 60
Opioid use disorders (OUDs), prescription analgesic, among American adolescents, construct and differential item functioning in assessment of, 563

Oppositional defiant disorder (ODD), in youths as predictor of psychiatric disorders, 404
Organizational, time management, and planning (OTMP), in children with ADHD, effects of MPH-OROS on, 166
Overactivity, as *DSM-IV* criteria for combined or hyperactive-impulsive subtypes of ADHD, 1023

Parental expressed emotion, in moderation of family-focused treatment for bipolar disorder in adolescents, 643
Parenting
  American Indian mothers, young reservation-based, paraprofessional-delivered in-home intervention for, 591
  intervening with traumatized parents and their toddlers, 249
  structured parenting of toddlers at high vs. low genetic risk, 1102
Parenting practices, relations of ADHD diagnosis and symptom domains with, 146
Parents, with anxiety disorder, selective intervention program for inhibited preschool-aged children of, 602
Parent training (PT), combined with risperidone for management of children with PDDs and behavioral problems, 950
Pediatric bipolar disorder (PBD)
  diagnosis of, episodic irritability in, 730
  neural correlates of incidental vs. directed emotion processing in, fMRI study of, 308
  neurocognitive function in, 299
Pediatric insomnia, pharmacotherapy of, 99
Pediatric major depressive disorder (PMDD), acute antidepressant treatment response and remission in, early prediction of, 71
Pediatric obsessive-compulsive disorder (POCD)
  CBT gains for, long-term durability of, Letter to the Editor, 766
  neural correlates of symptom dimensions in, 936
  predictors of treatment response in
    Letter to the Editor, 573
    reply, 573
Pediatric patients
  challenges and opportunities in bringing new medications to market for (editorial), 1056
  with major depressive disorder, safety and efficacy of escitalopram in, 721
Perinatally HIV-infected (PHIV+) youths, sexual and drug use behavior in, influence of mental health and family on, 810
Pervasive developmental disorders (PDDs)
  children with, combined treatment with risperidone and parent training in behavior management of, 950
  and schizophrenia, clinical and biological links between, 10
Pharmacogenetics, role of candidate genes in moderating treatment effects of MPH in ADHD, (editorial), 937, 946
Pharmacogenomics, and personalized medicine in child psychiatry, 943
Pharmacotherapy
  for ADHD, review of, 240
  of pediatric insomnia, 99
Physical illness, in children and adolescents, practice parameter for psychiatric assessment and management of, 213
Physical violence, and family arguments on adult functioning, long-term impact of, 290
Placebo responders in pediatric clinical trials of ADHD, characteristics of, 939
Postpartum year, and infant social engagement, fear regulation, and stress reactivity, maternal depression and anxiety across, 919
Posttraumatic stress disorder (PTSD), among adolescents in juvenile detention and correctional facilities, Letter to the Editor and reply, 340
Pregnancy
  intrauterine exposure of cannabis, and risks for developing fetus, 944
  maternal smoking in, and externalizing behavior in young children, 283
Preschool children
  antisocial behavior, problem drinking risk from, 820
  at risk of anxiety disorders, efficacy of early intervention for, 602
  social-emotional difficulties and competencies of, compared with full-term and preterm infants, 909
Prescriptions, for misuse by adolescents, sources of, 828
Preterm infants, early emergence of behavior and social-emotional problems in, 909
Primates, early social stress, and its effects on behavior and neurophysiology in, 114
Problem behaviors in children
  intergenerational transmission of, 138
  with PDDs, combined treatment with risperidone and parent training for management of, 950
Psychiatric disorders
  childhood, glial contributions to, 872
  and intellectual functioning throughout development in VCFS, 1060
  oppositional behavior in youths as predictors of, 404
  prevalence and psychiatric correlates of suicidal ideation and attempts among African American and Caribbean black adolescents in US, 271
Psychiatric epidemiology, child and adolescent, milestones in (editorial), 353
Psychiatric symptoms, in children and adolescents with physical illnesses, epidemiology, clinical presentation, assessment, and treatment of, 213
Psychiatry
  adolescent
    epidemiology, milestones in (editorial), 353
    psychophysiology in, 584
  CAP
    and epigenetics, 1048
    telepsychiatry, public mental health and workforce shortage in, Letter to the Editor, 1127
  child
    clinical challenges for, 787
    personalized medicine and pharmacogenomics in, 943
    psychiatric practice, cultural competence in, 362
    psychophysiology in, 584
  cross-cultural psychiatry in the field: collaborating with anthropology (editorial), 873
Psychological trauma treatment for children, cultural adaptation of, Letter to the Editor, 954
  reply, 955
Psychopathology
  childhood (editorial), 3
  child mental health, SDQ as dimensional measure of, 400
  socioeconomic risk for (editorial), 982
Psychopharmacology
  adolescent, and motivational interviewing, 108
  psychotropic medication in children and adolescents, practice parameter on use of, 961
  trichotillomania across life span, 879

Psychophysiology, in child and adolescent psychiatry, 584
Psychosis risk, in late adolescence, and cortisol levels in childhood, Letter to the Editor, 765
Psychotherapy
CBT-SP: treatment model, feasibility, and acceptability, 1005
depressive symptoms and clinical status during TASA study, 997
group therapy for prevention of recurrence of self-harming behavior in adolescents, 662
TASA: predictors of suicidal events in open treatment trial, 987
Psychotropic medication, in children and adolescents, practice parameter on use of, 961

22q11.2 Deletion. *see* Velocardiofacial syndrome (VCFS)

Raine (Western Australian Pregnancy Cohort) Study, on eating disorders in adolescents, use in identifying predictors of, 800
Risk factors
for bullying environment: school, neighborhood, and family factors, 545
childhood, for lifetime anorexia nervosa, 791
for full- and partial-syndrome early adolescent eating disorders, 800
increased ISV-RT as risk marker for bipolar disorder, 628
Risk(s)
(genetic) for conduct disorder symptom subtypes in ADHD, 757
socioeconomic, for psychopathology (editorial), 982
toddlers at high vs. low genetic risk, structured parenting of, 1102
youths at risk for suicidal behavior, service use by, 941
Risperidone, combined with parent training for management of children with PDDs and obehavioral problems, 950

Saliva methylphenidate samples vs. parent report and mediating effect of concomitant behavioral treatment in MTA, 501
Letter to the Editor, 1124, 1125, reply
Schizophrenia
adolescents with, olanzapine's efficacy and tolerability in, 60
and autism/pervasive developmental disorders, clinical and biological links between, 10
cognitive deficits and high rates of, association with VCFS, 1060
School, neighborhood, and family factors, and children's bullying involvement, association between, 545
Selective attention, threat-related, for prediction of treatment success in childhood anxiety disorders, 196
Self-harming behavior in adolescents, group therapy for prevention of recurrence of, 662
Serious emotional disturbance (SED), among youths exposed to hurricane Katrina 2 years postdisaster, 1069
Sexual and drug use behavior in PHIV+ youths, influence of mental health and family on, 810
(editorial), 780
Shape and weight concern in young adolescents, role of media literacy program in reduction of, 652
Simulation, magnetic resonance, for reduction of anxiety related to magnetic resonance scanning in children, Letter to the Editor, 206
"Singletons" of China (editorial), 938
Sleep
in children with ADHD, 894
problems persistence in preschool children with autism, developmental delay, and typical development, 847
and tic disorders, problems associated with ADHD, (editorial), 877
Social anxiety disorder (SAD), lifetime in adolescence, stable early maternal report of behavioral inhibition in prediction of, 928
Social avoidance behavior in children and adolescents with FXS, physiological correlates of, 320
Social communication competence, and functional adaptation in general population of children, 128
Social competence, cognition, autistic syndromes, and child development (editorial), 97
Social phobia, in childhood, mediators and moderators of outcome in behavioral treatment of, 945
Social stress, early, and its effects on behavior and neurophysiology in macaque, 114
Socioeconomic position (SEP), and mental health problems in early adolescence, life stressors as mediators of relation between, 1031
Socioeconomic status (SES), and mental health problems in early adolescence, life stressors as mediators of relation between (editorial), 982
Somatic symptom reporting, in children with asthma and their parents, ethnic differences in, 855
Startle reflex response, role in differentiation of behaviorally inhibited adolescents with and without a history of anxiety, 610
Stimulant medication, effect on growth in children with ADHD
Letter to the Editor, 574
reply, 576
Stimulants
and atomoxetine use for ADHD in youths, monitoring of, 740
effects of MPH-OROS on OTMP in children with ADHD, 166
Strengths and Difficulties Questionnaire (SDQ), as dimensional measure of child mental health, 400
Stress disorder, posttraumatic, among adolescents in juvenile detention and correctional facilities, Letter to the Editor and reply, 340
Stressors
hurricane-related, assocation with serious emotional disturbance among children and adolescents, 1069
of life, as mediators of relation between socioeconomic position and mental health problems in early adolescence, 1031
Stress, social, early, and its effects on behavior and neurophysiology in macaque, 114
Structural imaging, use in studying cortical thinning in ADHD, 1014
(editorial), 979
Substance abuse, and conduct disorder, among young American Indian adolescents, Letter to the Editor, 87, 87; reply
Substance use
behavior in PHIV+ youths, influence of mental health and family on, 810
(editorial), 780
subthreshold, and TORDIA, 942
Sub-threshold depressive disorder, in adolescents: predictors of escalation to full-syndrome depressive disorders, 703
Suicidal behavior, among adolescents, (editorial), 237
Letter to the Editor, 1039
replies, 1039, 1040
Suicidal behavior, emotional intelligence as protective factor for, 422
Suicidal ideation, and attempts among African American and Caribbean black adolescents in US, prevalence and psychiatric correlates of, 271
Suicide(s)
AACAP Klingenstein Third Generation Foundation Award 2009 for research in depression or suicide, 945

attempt/completed, childhood bullying behaviors as risk for, 254
attempts, and heavy episodic drinking in adolescents, age-specific associations between, 262
prevention, CBT-SP treatment model, feasibility and acceptability of, 1005
self-harming behavior in adolescents, group therapy for prevention of recurrence of, 662
Treatment of adolescent suicide attempters (TASA)
depressive symptoms and clinical status during study, 997 (editorial), 977
predictors of suicidal events in open treatment trial, 987
youths at risk for suicidal behavior, service use by, 941
Symptom dimensions, in pediatric OCD, neural correlates of, 936
Synaptic plasticity, molecular mechanisms of, 5

Telepsychiatry, public mental health, and workforce shortage in child and adolescent psychiatry, Letter to the Editor, 1127
Tic and sleep disorders, problems associated with ADHD, (editorial), 877
Tic disorders, comorbid with ADHD in children, treatment of, 884
Tourette's syndrome (TS)
and ADHD, children with both, efficacy of different medications in treating ADHD and tic symptoms in, 884
and disruptive behavior, adolescents with, anger control training for, 413
TRAILS (TRacking Adolescents' Individual Lives Survey) study, on life stressors as mediators of relation between socioeconomic position and mental health problems in early adolescence, 1031
Trauma, psychological treatment for children, cultural adaptation of, Letter to the Editor, 954
reply, 955
Treatment for adolescents with depression study (TADS)
on cost-effectiveness of treatments for adolescent depression, 711
remission and recovery in, 186
Treatment of adolescent suicide attempters (TASA)
depressive symptoms and clinical status during study, 997 (editorial), 977
predictors of suicidal events in open treatment trial, 987
Treatment of SSRI-resistant depression in adolescents (TORDIA), 330
and subthreshold substance use, 942
Trichotillomania (TTM), across life span, 879
Twins, community-based, use in investigation of phenotypic and etiologic relation between internalizing and autistic-like traits within general population, 618

United States (US)
binge drinking among youths and young adults in, 692 (editorial), 679
first Americans: psychopathology and a shortage of professionals, Letter to the Editor, 87, 87; reply
suicidal ideation and attempts among African American and Caribbean black adolescents in, prevalence and psychiatric correlates of, 271

Velocardiofacial syndrome (VCFS)
behavioral neurogenetics, and the study of developmental psychopathology (editorial), 1049
psychiatric disorders and intellectual functioning throughout development in, 1060

Western Australian Pregnancy Cohort (Raine) Study, on eating disorders in adolescents, use in identifying predictors of, 800
White matter integrity, lower orbital frontal, in adolescents with bipolar I disorder, 79

Young adolescents, reduction of shape and weight concern in, 652
Young adults
in United States, binge drinking among, 692 (editorial), 679
Young reservation-based American Indian mothers, paraprofessional-delivered in-home intervention for, 591
Youth(s)
ADHD with, monitoring the use of stimulants and atomoxetine for, 740
and binge drinking, 679
with bipolar disorder and at-risk family members, increased intrasubject variability in response time in, 628
with callous-unemotional traits, experience of emotional processing deficits similar to amygdala damage in, 554
exposed to hurricane Katrina, serious emotional disturbance 2 years postdisaster among, 1069
oppositionality, longitudinal outcome of, 404
perinatally HIV-infected, sexual and drug use behavior in, influence of mental health and family on, 810
editorial, 780
at risk for suicidal behavior, service use by, 941
with Tourette's syndrome and disruptive behavior, anger control training for, 413
and young adults in United States, binge drinking among, 692
